

News Item - Clarifications

News Item – 1: India's Petronet plans to cancel 10-yr LNG import tender – sources- Reuters

This has reference to news clipping titled “Petronet plans to cancel 10-year LNG import tender: Sources” which appeared in Economic Times and Reuters on July 23/24, 2020. **Petronet LNG Limited hereby clarifies that the aforesaid media reports are untrue and contrary to the facts.** It may be informed that the sourcing of 10 years LNG import is being done through a RFI process involving various steps and no such announcements of cancellation of the process has been issued from our end.

News Item – 2: India's Petronet LNG renews investment deal with Tellurian Inc's Driftwood project: Sources -ET and other media

This has reference to various news articles reporting that Petronet renews investment deal with Tellurian appearing in various newspapers, journals and social media. In this respect, it is to inform that Petronet LNG Limited (PLL) keeps on exploring opportunities to source LNG at competitive terms. In this context, PLL in normal course of business has signed various non-binding MOUs having no commercial implications with international players including with M/s Tellurian. Contrary to media reports, it is hereby clarified **that the non binding MOU signed is exploratory in nature and there is no firm commitment of any investment or equity lifting/purchase of LNG from M/s Tellurian.**
