ABOUT THE COMPANY

Petronet LNG Limited is a leading and one of the fastest growing company in the Indian energy sector. The Company has set up the country's first LNG receiving and regasification terminal at Dahej, Gujarat and another terminal at Kochi, Kerala. The existing regasification capacity of Company stands at 27.5 MMTPA with Dahej Terminal having a nominal capacity of 22.5 MMTPA and the Kochi Terminal having a capacity of 5 MMTPA. Petronet LNG Limited accounts for around 34% of gas supplies in the country and handle around 74% of LNG imports in India.

Petronet LNG Limited is at the forefront of India's all-out national drive to ensure the country's energy security in the years to come with its major expansion plans which includes expansion of regasification capacity of Dahej terminal, new greenfield terminal on East Coast of India and a petrochemicals plant at Dahej amongst other projects. The Company was formed as a Joint Venture Company by the Government of India to import LNG and set up LNG terminals in the country, involving India's leading oil and natural gas industry players. Our promoters are Bharat Petroleum Corporation Limited (BPCL), GAIL (India) Limited (GAIL), Indian Oil Corporation Limited (IOCL) and Oil and Natural Gas Corporation Limited (ONGC). The authorized share capital of the Company is Rs. 3000 Crore divided into 300 Crore Equity Shares of Rs. 10 each and paid-up share capital of the Company is Rs. 1500 Crore divided into 150 Crore Equity Shares of Rs. 10 each.

OUR LEADERSHIP

Shri Saurav Mitra
Director (Finance) & CFO

Shri Saurav Mitra is an Associate Member of Institute of Cost Accountants of India (ACMA) and a Fellow Member of Institute of Certified Management Accountants of Sri Lanka. He is a seasoned finance professional with a distinguished career spanning more than three decades in Indian Oil Corporation Limited (IOCL) and its overseas subsidiary, Lanka IOC PLC. At Lanka IOC, he held key leadership position of CFO, where he played a crucial role in driving financial strategy and operational excellence during a phase of significant business consolidation and growth.

Shri Akshay Kumar Singh
Managing Director & CEO

Shri Akshay Kumar Singh is a veteran of the Oil and Gas industry in India. His career spanning 40 years has wide-ranging experiences across design, engineering, planning, execution and O&M of complex pipeline systems and process plants. He has an unblemished track record of delivering challenging, complex and large-size transnational as well as cross-country pipeline projects of national importance. Shri Singh is the Founder-Chairman of Petronet Energy Limited (PEL) and Petronet LNG Singapore Pte. Ltd. (PLSPL), wholly owned subsidiaries of Petronet LNG Ltd. (PLL). Shri Singh is a Mechanical Engineer from MIT, Muzaffarpur and Post-Graduate in Turbo Machinery from South Gujarat University. He has played a pivotal role in formation of these companies and marking PLL's presence in the international market.

Shri Pramod Narang
Director (Technical)

Shri Pramod Narang is an accomplished technocrat with close to four decades of extensive experience in the oil and gas sector. A distinguished Mechanical Engineer from Karnataka Regional Engineering College (now NIT Surathkal), he has played a pivotal role in shaping the energy landscape of the country. Since November 2020, he has been serving as Director (Technical) at Petronet LNG Ltd (PLL), where he swiftly adopted a multi-pronged approach towards achieving operational excellence, driving safety and sustainable initiatives and accomplishing strategic growth of the Company.

VISION

To be a key energy provider to the nation by leveraging company's unique position in the LNG value chain along with an international presence.

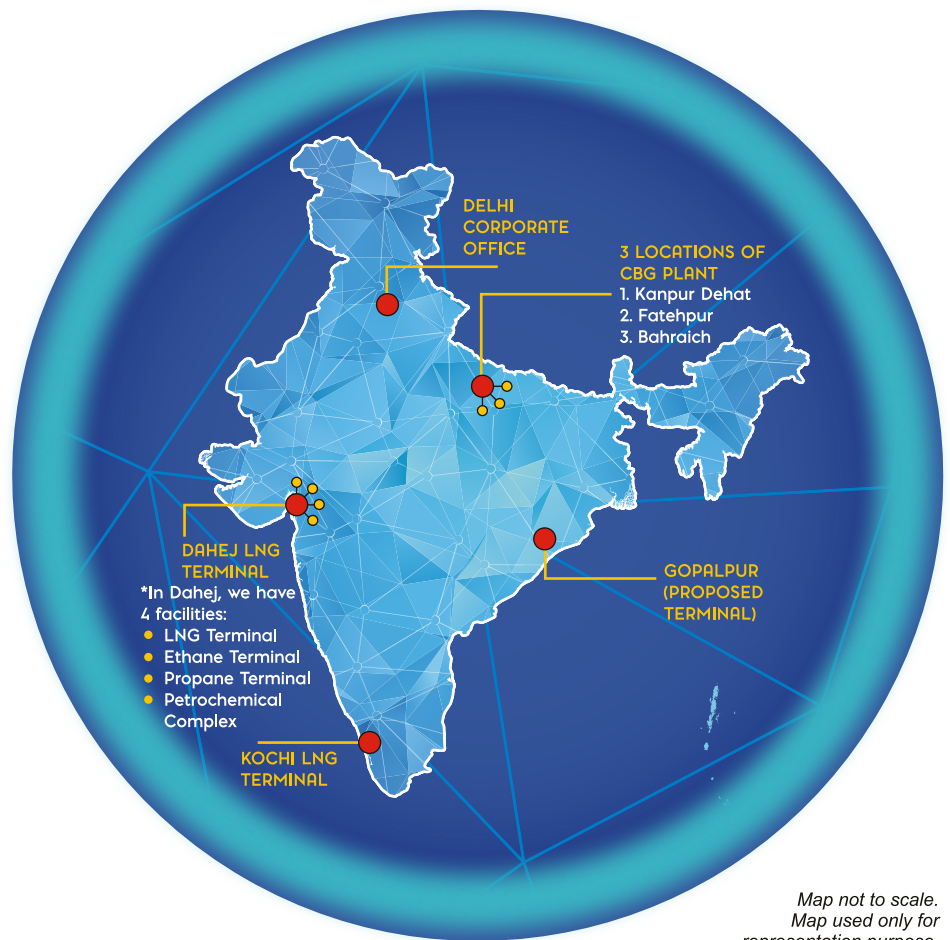

MISSION

We strive to build world-class LNG infrastructure, drive synergetic growth, uphold ethical excellence, and create maximum value for our stakeholders

VALUES

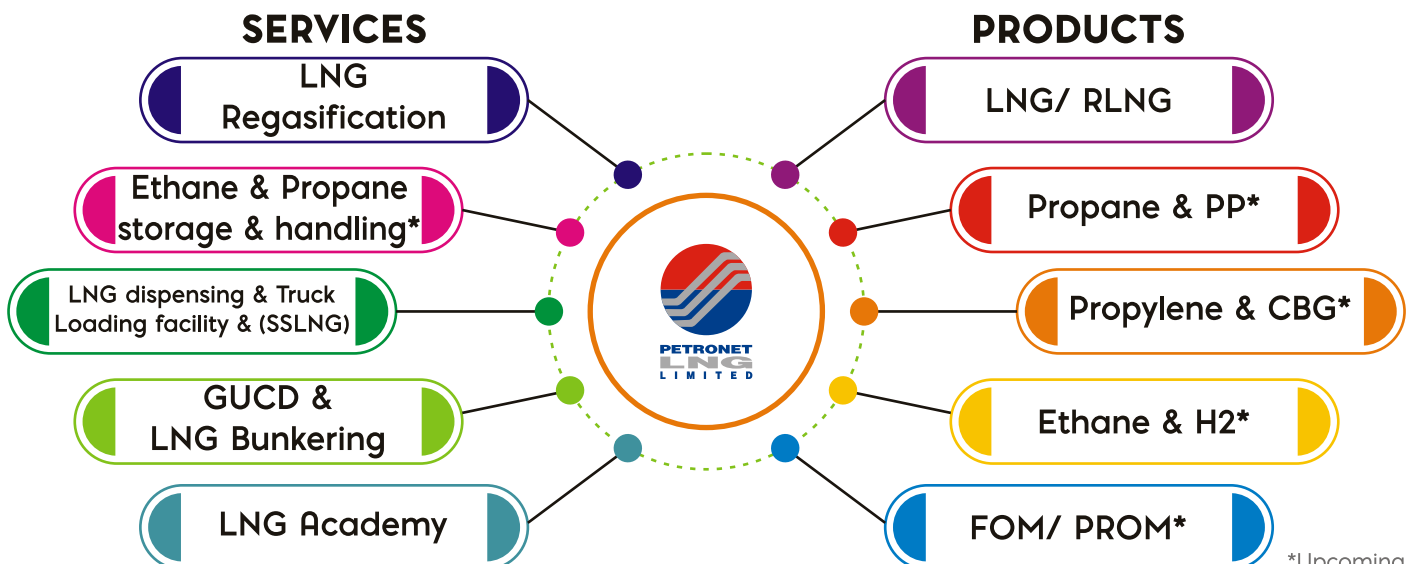

- Integrity
- Excellence
- Sustainability
- Team
- Trust

OUR SERVICES & PRODUCTS RANGE

*Upcoming Products/ Services

LNG GATEWAY TO INDIA

Largest Long Term LNG Portfolio in India

PLL has set up South East Asia's first LNG receiving, storage and regasification terminal at Dahej, Gujarat in the year 2004.

To cater the gas requirement of Southern India, PLL commissioned its second LNG receiving, storage and regasification terminal at Kochi, Kerala in the year 2013.

Kochi LNG Terminal

Capacity - 5 MMTPA Commissioned in 2013

Two LNG Storage Tanks & Regas facilities.

LNG Jetty designed to receive Q flex LNG vessels.

Four LNG Truck loading bays designed to load forty LNG trucks per day.

Additionally one LNG storage tank is being planned to make.

Services Offered at Kochi

LNG Bunkering, Storage & Reloading Facility, Gassing UP and Cooling Down Services (GUCD)

Dahej LNG Terminal

South East Asia's first LNG Receiving and Regasification Terminal

Two LNG Jetties designed to receive Q-Flex & Q-Max vessels.

Eight LNG Truck loading bays designed to load eighty LNG trucks per day.

Additionally Two (02) new tanks have been commissioned, making the total no. of tanks as Eight (08).

Regasification capacity is being augmented from 17.5 MMTPA to 22.5 MMTPA.

Third LNG Jetty is under construction and six additional truck loading bays are being planned.

Storage & Regas Capacity

DRIVING ONWARD

PLL is pursuing approved strategy & vision policy code 1-5-10-40 i.e., to achieve Rs 1 lac Crore turnover and Rs 10,000 Crores PAT with an investment of Rs 40,000 Crores over next 05 years (2022-2027).

Ethane & Propane Storage, Handling and Supply Infrastructure

PLL is developing dedicated storage and handling facilities of 1,70,000 m³ for Ethane and 1,40,000 m³ for Propane as part of its upcoming Petrochemical Complex at Dahej, Gujarat, co-located with the existing 22.5 MMTPA LNG terminal. PLL would be the first in India to offer third-party Ethane storage, handling and sale on a tolling basis. The company is enabling Ethane and Propane supply through multiple logistics modes, including rail, road tankers, and pipelines. PLL has already executed firm contract(s) and is engaged with prospective customers for supply of Ethane and Propane.

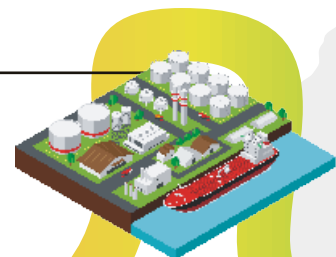

Small Scale LNG

LNG Fuel Stations:

PLL has commissioned its Small-Scale LNG (SSLNG) stations at Hosur, Irugur and Namakkal in Tamil Nadu, while an additional station at MK Hubli, Karnataka is under development.

Truck Loading Facilities

Dahej Terminal (8 bays) and Kochi Terminal (4 bays) offer Truck Loading facilities enabling sale of LNG to the customers.

LNG Marketing

PLL is one of the largest long-term LNG portfolio holders and largest regasification capacity holder in India. PLL is actively exploring opportunities for LNG marketing and trading in India & overseas.

LNG Fuel for Fishing Boats

PLL has launched the first fishing boat on LNG Fuel conversion Project at Kochi and is exploring its scalability.

LNG for Mining

To cater the huge energy demand for mining trucks and other transportation in Indian mining sector. PLL is actively engaged with potential consumers for the use of LNG in the mining industry.

Petrochemical Complex

PLL has undertaken mega diversification for setting up of Petrochemicals Project of 750 KTPA of PDH and 500 KTPA of PP Plant at Dahej. This state-of-the-art Petrochemical plant is integrated with LNG Terminal and would offer the following products.

- 1. Polypropylene (PP):** Supply of 500 KTPA high quality PP homopolymer.
- 2. Hydrogen:** Supply of upto 33 KTPA of Hydrogen on term basis.
- 3. Propylene:** Supply of Propylene to the customers subject to availability.

PLL's LNG Fleet

- PLL has three LNG vessels, under long term Charter 'Disha', 'Raahi' and 'Aseem' to carry the LNG volume under RasGas contract from Qatar to Dahej.
- The fourth LNG vessel "Prachi" is now under Exxon Mobil's portfolio.
- PLL also owns equity in LNG Aseem (3%) & LNG Prachi (26%).

Strategic GUCD & LNG Bunkering Hub

The Kochi Terminal is strategically located to serve as a key hub for GUCD operations and LNG bunkering services, offering efficient, reliable and scalable solutions to meet the growing energy and maritime fuel requirements of the region.

LNG Academy - Centre of Excellence

PLL has set up one of its kind of learning center the "LNG Academy (LNGA)" at its Kochi LNG Terminal to impart training on the entire LNG value chain and organise workshops including simulation training to ensure enhancement and updation of knowledge and impart practical hands on experience to the aspirants.

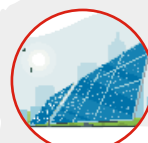

LNG Stations to Promote LNG as Automotive Fuel

PLL is promoting LNG as a clean and cost-effective automotive fuel, offering 20-22% lower CO emissions than diesel with negligible SOx and PM emissions. Since 2019, LNG dispensing stations and LNG-fuelled buses have been operational at Dahej & Kochi.

LNG Fuel for Inland Waterway Vessels

LNG being a cleaner alternative compared with fuels as FO, LSHS, HSD (Ship Bunkering Fuel), PLL is exploring opportunities to provide LNG for barges or small freight vessels along the National Waterways.

Power Sustainability and Green Initiatives

PLL is strengthening its sustainability and power optimization roadmap through increased adoption of renewable energy. Solar rooftop installations have been commissioned at both Dahej and Kochi terminals. In addition, PLL is actively exploring renewable power sourcing options for its existing LNG terminal as well as the upcoming energy-intensive Petrochemical Complex at Dahej, to ensure sustainable and cost-efficient operations.

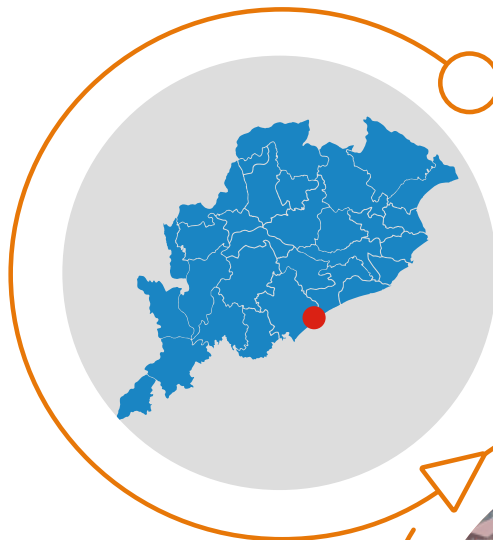

Compressed Bio Gas (CBG)

PLL is planning to setup 25 numbers of CBG plants at various locations in different states across India. PLL has initiated pre-project activities at three locations in UP i.e. Baharaich, Kanpur Dehat, and Fatehpur. The following product mix shall be offered:

1. Compressed Bio-Gas (CBG)
2. Fermented Organic Manure (FOM)/Phosphate Rich Organic Manure (PROM)
3. Other by-products like Co2 and Sulphur

OUR UPCOMING PROJECTS

LNG storage and Regasification project at Gopalpur, Odisha

Envisioning the need of enhanced LNG import infrastructure and also to expand its footprints to the eastern coast in the country, PLL is setting up its third LNG terminal at Gopalpur in Odisha. The land-based LNG Terminal of 5 MMTPA regasification capacity in the east coast of India is expected to be commissioned by 2028.

Regas capacity expansion of Dahej

The capacity of Dahej RLNG terminal, which is the largest terminal in the country, Regasification capacity is being augmented from 17.5 MMTPA to 22.5 MMTPA.

Third Jetty project at Dahej

PLL's third jetty project at Dahej, designed to enhance terminal reliability, support capacity expansion and enable diversification by handling LNG, liquified ethane and propane, is progressing well. With an overall cost of 2,013 crore and physical progress at ~54%, the project remains on schedule and is expected to be commissioned ahead of the Petrochemical plant.

Petrochemical Complex at Dahej

The Petrochemicals Complex at Dahej, comprising a 750 KTA PDH unit, 500 KTPA PP unit and integrated ethane-propane storage and handling facilities, is progressing well and is targeted to be completed by FY 2028.

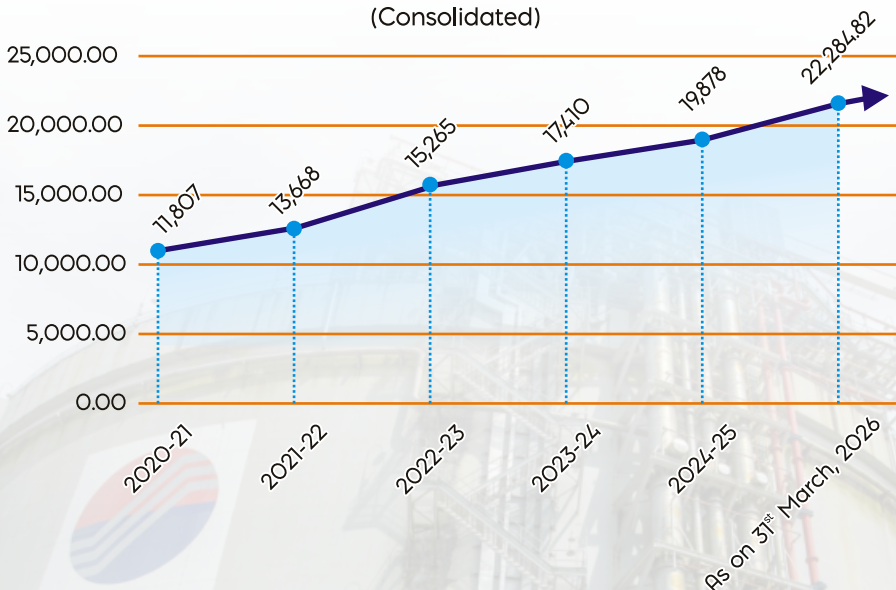

Mr. A.K Singh, MD & CEO, PLL and Mr. Saad Sherida al-Kaabi, Minister of Energy, Qatar and President and CEO of Qatar Energy signed long-term contract for the supply of 7.5 MMTPA LNG annually, for a period of 20 years from 2028 in presence of then Hon'ble Union Minister for Housing & Urban Affairs and Petroleum & Natural Gas, Shri Hardeep Singh Puri on 6th February, 2024.

Petronet LNG Limited has signed a Memorandum of Understanding (MoU) with Indian Oil Corporation Limited to develop 25 Compressed Bio-Gas (CBG) plants across India, advancing the country's transition to cleaner energy. IOCL will provide EPCM services, while PLL will oversee project development, including land, approvals and feedstock management. The MoU was signed in the presence of Hardeep Singh Puri, Akshay Kumar Singh, and Arvinder Singh Sahney on 27th January 2026.

OUR ACCOLADES

On 6th February 2024, PLL executed LNG Sale & Purchase Agreement (LNG SPA) for purchase of around 7.5 MMTPA LNG with QatarEnergy for supply of LNG on delivered basis for a period of 20 years commencing from 2028.

In FY 2024-25, PLL handled around 2/3rd of Country's total LNG imports and catered to around 34% of the total natural gas consumption in the country.

Largest LNG Portfolio in India of around 10.1 MMTPA

- 7.5 MMTPA from RasGas, Qatar on long term.
- 1,425 MMTPA LNG from EXXONMobil, Gorgon, Australia.
- 1.2 MMTPA LNG from EMAPPL.
- Balance sourcing on spot/short term basis.

Dahej LNG Terminal is world's 7th largest terminal by capacity.

Dahej LNG Terminal is one of the busiest terminals in the world.

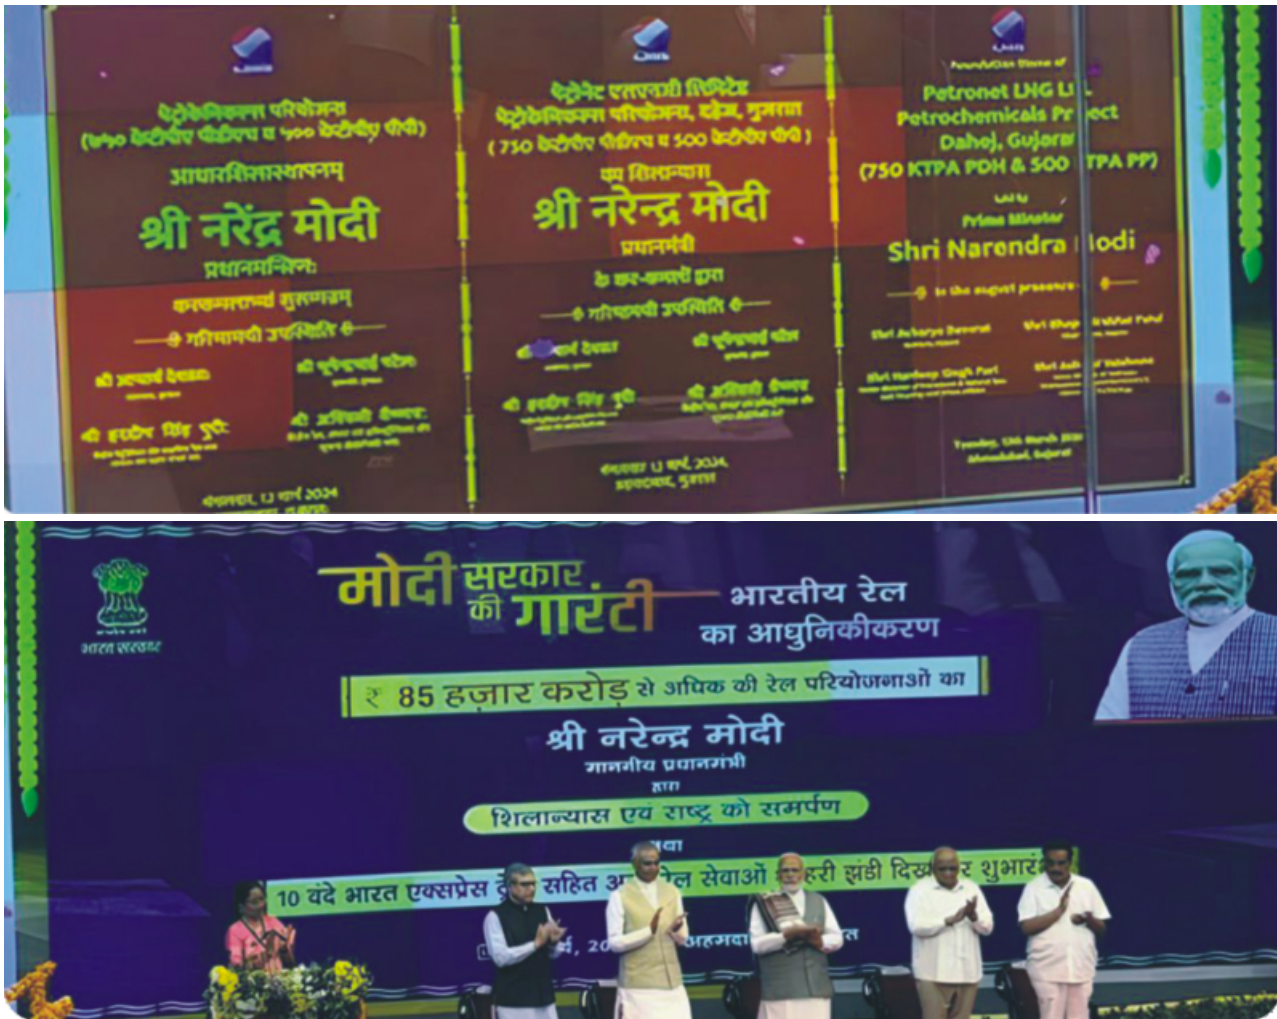

- Received 3500+ LNG Cargoes.

PLL owns around 48% share of the country's existing Regasification capacity.

Kochi LNG Terminal offers GUCD, bunkering, LNG storage and reloading services to the LNG players.

RATINGS & AWARDS

 5 Star Rating in Occupational Health & Safety Audit by British Safety Council in 2023, 2024 & 2025 for Dahej & Kochi LNG Terminal	 Sword of Honour in 2023, 2024 and 2025 by British Safety Council for Dahej and Kochi LNG Terminal	 Most Preferred Workplace 2025-2026 by Marksmen Daily	 Recognized as the 'Best Organizations to work 2025' in 2025
 Shri A. K. Singh, MD & CEO, awarded with Leadership Excellence award 2024	 Honoured with Industrial Gas Safety - LNG award 2024	 Shri A. K. Singh (MD&CEO) adjudged as the 1 st Best CEO in 2026	 Shri Saurav Mitra (Director (Finance) & CFO) adjudged as the 1 st in Best CFO in 2026
 Most Honoured Company 2026 Asia Executive Team	 Ranked 2 nd in Board of Directors in Core Asia (Small & Midcap) & 3 rd in Core Asia (ex-Mainland China) in 2026	 Moody's International Rating Baa3 in 2026	 AAA Rating in 2026
 AAA Rating in 2026	 Ranked 56 th in 2025	 Ranked 63 rd in 2025	 Received the prestigious Shreshtha Suraksha Puraskar Award 2024 in 2025 for excellence in Workplace Safety at Dahej Terminal
 Awarded as India's Top 500 value creators in 2025	 Recognised as Top Most Sustainable Company in the Oil & Gas sector in 2026	 Most Trusted Brands of India 2026-27 by Marksmen Daily	 Ranked 41 st as per Revenue Category in 2026

Towards Atmanirbhar Bharat

Foundation stone of "Petrochemicals Project" (750 KTPA PDH & 500 KTPA PP)

Laid by
Hon'ble Prime Minister

Shri Narendra Modi

on 12th March 2024

Highlights

- Building a future with a Technological marvel ensuring revolutionary energy use. India's First Petrochemical Plant with Cold Energy Integration at the LNG Terminal.
- Execution of definitive sale and purchase agreements for sale of 250 KTA of propylene and 11 KTA of Hydrogen, with a term of 15 years.
- A future of efficiency and innovation with the ground-breaking approach that reduces Capex cost by Rs. 400 crores and annual operating expenses by Rs. 120 crores.
- The project execution is in full swing with order for all long lead items have been issued.
- Strategically nestled in the heart of Dahej Industrial Zone, positioned to cater to the burgeoning demand for propylene, hydrogen and Polypropylene (PP) in Western India.
- Proudly contributing to Atmanirbhar Bharat by catering to 10% of India's Polypropylene demand-supply gap, promoting self-reliance and innovation.
- Empowering the community with socio-economic growth: Creating 50,000 jobs in the execution phase and sustaining 10,000 jobs once operational.

CORPORATE SOCIAL RESPONSIBILITY

Petronet LNG Limited (PLL) places social responsibility at the heart of its mission. Through a strategic, multi-layered CSR framework rooted in quality, inclusivity, and sustainability, PLL delivers measurable socio-economic impact across India. Its initiatives balance immediate community needs with long-term national development priorities, empowering underserved populations and driving sustainable progress. By aligning every effort with India's broader development goals, PLL stands as a catalyst for lasting & equitable change—building stronger, more resilient communities for the future.

Key focus areas of the CSR strategies are:

Healthcare & Sanitation

- Hon'ble Minister of Petroleum & Natural Gas flagged off an Advanced Cardiovascular Life Support (ACLS) Ambulance at Collectorate, Sonbhadra (Robertsganj), contributed to the Sonbhadra Medical College on 24th March 2025.
- Under healthcare 2 Mobile Medical Unit (Vans) were launched at Delhi on 23rd November 2025, leading to a total of 12 Mobile Medical Vans across various locations in Gujarat, Kerala, Delhi and Uttar Pradesh.
- Sulabh Toilet Complexes in Ayodhya and Prayagraj districts, Uttar Pradesh and Dwarka, Puri and Ernakulam have been constructed.
- Eye care equipments viz. Optical Coherence Tomography Machine, YAG Laser & Phacoemulsification machine to charitable eye hospitals located at Nabi Karim, Saket and Faridabad.

Inauguration of the ACLS Van at Sonbhadra

Newly built toilet complexes in Ayodhya were inaugurated on 28th July 2025 by MD & CEO, PLL reaffirming PLL's dedication of creating cleaner and healthier public spaces.

- Donating an ambulance and 11 sets of health camp equipment to a charitable eye care society.
- Constructing child-friendly washrooms, setting up safe drinking water facilities and upgrading government child welfare committees.
- Support to widows & abandoned women of Om Vishranti Matratva Sadan (Ashram) at Vrindavan by providing Infrastructure facilities.
- Swachhata Pakhwada and awareness campaigns, viz. Ek Ped Maa K Naam, Cleanliness & Sanitation drives, Distribution of hygiene materials & kits, environment quiz & competitions, menstrual hygiene sessions, waste management, marine waste installations, Reuse & recycling drives, Plastic Waste Collection Mission, Safety Awareness Programs, Beach Cleaning Drives, Eco-Friendly Pencils Initiative, etc. have been carried out at various nearby schools and other public areas across locations of Dahej & Kochi.

Education and Skill Development

- E-carts (golf carts) were provided to Science City Kolkata for the senior citizens & physically challenged by PLL.
- Redeveloping the Boys Hostel at Hindu College, University of Delhi.
- Distribution of more than 3500 bicycles to Girl Children in Navsari, Gujarat.
- Petronet Kashmir Super 50, Jammu Super 30 and National Super 30 (Delhi) towards imparting full time residential coaching & counselling support to underprivileged students for preparation of JEE examination.
- Building additional classrooms at government schools in Jodhpur and Jaisalmer and setting up computer labs and digital library in Indore.
- Providing skill development training to youth in plastics technology in collaboration with the Central Institute of Petrochemicals Engineering & Technology (CIPET) at Ahmedabad, Kochi, Dehradun and Lucknow

Art, Culture and Heritage Development

- Bhagwan Birsa Munda Bhawan (Research and Training Centre), established to promote the values of sacrifice, resistance and cultural pride of India's tribal communities aimed at strengthening the Janjati society in Delhi.

- Partition Museum and Cultural Hub at Dara Shikoh Library Building (DSL), Dr. B.R. Ambedkar University campus, Kashmere Gate, New Delhi strengthened with the heritage conservation efforts.
- Conducting skill development workshops for the promotion of art and culture in Rajasthan, Jammu & Kashmir.

Environment & Sustainability and Disaster Management, Wildlife and animal welfare

- Development of Parks in Delhi for promotion of a clean & green environment viz. Central Park, A Block Double Storeys Park and Ami Chand Khand Park, Kalkaji.
- Undertaking the construction of five pilgrim accommodation blocks at Shri Kedarnath Dham, Uttarakhand.
- The Company undertook significant efforts toward ecological restoration, including the restoration of biodiversity at Munambam and Kuzhupilly beaches in Kerala and large-scale tree plantation drives in Delhi / NCR to promote environmental conservation and pollution control.

Gender Equality & Women Empowerment

- Conducting health awareness workshops and distributing sanitary napkins in Jaipur, Rajasthan.
- Provided sewing machines to underprivileged Women in collaboration with Growth Foundation of India at New Delhi.
- Organising women's health care camps in Agra, Uttar Pradesh.
- Constructing 24 widow quarters at Lucknow for CRPF.
- Constructed 48 widow quarters at Gandhinagar (24), Bikaner (18) and Punjab (6) for BSF.

Rural Infrastructure Development

- Constructing a Community Hall in Malikpur village, Guru Teg Bahadur Nagar, Delhi.
- Renovating a Community Hall (Trade Centre) in Pothehalli village, Machilipatnam, Andhra Pradesh.

Welfare of the Divyangjan

- PLL, in collaboration with the Artificial Limbs Manufacturing Corporation of India (ALIMCO), is committed to promoting social inclusion by empowering Divyangjan through the assessment and distribution of assistive devices including motorized tricycles, TLM kits, hearing aids, wheelchairs, and other mobility aids across five in India.
- Renovating and refurbishing a school for differently abled children in Jaipur.
- Establishing healthcare and education centres in Delhi.
- PLL in collaboration with the Cricket Association for the Blind in Kerala trained women cricketers with visual impairments.

Research & Development

- Supporting experimental studies and lab facilities for the development and demonstration of hydrogen fuel cells and electrolysis technology at NITK Suratkal.
- Supporting a hybrid data analysis course on water quality at IIT Madras.

Namami Gange Programme

- In collaboration with the National Mission for Clean Ganga (NMCG) and Clean Ganga Fund (CGF), dedicating the Dinkar Ghat at Simariya, Begusarai district, Bihar to the public.

Contribution to PM Cares

- The Company has generously contributed about Rs. 153 crore to the Prime Minister's Citizen Assistance and Relief in Emergency Situations Fund (PM CARES Fund) since its creation in March 2020, following the COVID-19 pandemic.

Recognitions of Excellence: Acclaimed CSR Project Awards

- Our company's CSR endeavours have garnered significant recognition through prestigious national awards, affirming our exceptional dedication to nation-building.
- PLL received the 11th Greentech CSR India Award 2025 for its contribution & initiatives on Healthcare Promotion and the 12th CSR Times Award 2025 for its contribution to Swachh Bharat initiatives on 14th June 2025 and 15th July 2025 respectively, at New Delhi.
- Petronet LNG Limited has bagged three prestigious awards at the Indian PSU CSR Impact Awards 2025, recognizing our unwavering commitment to impactful and inclusive Corporate Social Responsibility:
 - Best Mental Health Initiative of the Year
 - Best Skill Development Programme Initiative of the Year
 - Best Senior Citizen Healthcare Initiative of the Year

**EMPOWERING COMMUNITIES
ENRICHING LIVES**

Hon'ble Minister of Petroleum & Natural Gas, Shri Hardeep Singh Puri ji, flagged off an Advanced Cardiovascular Life Support Ambulance at Sonbhadra on 24th March 2025, under CSR initiative of PLL.

AWARDS & RECOGNITION

PLL has been honoured with Sewa Samman 2024 organised by Sewa Bharti for its CSR initiatives. The award was presented by Shri Rajnath Singh, Hon'ble Minister of Defense, GOI at Dr. Ambedkar International Centre, New Delhi on 14th November 2024.

Received Excellence Award by the Gujarat Employers' Organization (GEO) for sustainable development and impactful community initiatives on 29th January 2025.

Awarded with the 11th Greentech CSR India Award 2025 for its contribution & initiatives on Healthcare Promotion on 14th June 2025 at New Delhi.

Bagged three prestigious awards at the Indian PSU CSR Impact Awards 2025 held on 23rd July 2025 at

New Delhi, under the category of:

- Best Mental Health Initiative of the Year
- Best Skill Development Programme Initiative of the Year
- Best Senior Citizen Healthcare Initiative of the Year

Received the 12th CSR Times Award 2025 for its consistent and outstanding contribution to the Swachh Bharat Mission on 15th July 2025 in New Delhi.
